#### Independent Auditors' Review Report

To the Board of Directors and Stockholders of Innodisk Corporation:

#### Introduction

We have reviewed the accompanying consolidated balance sheets of Innodisk Corporation and its subsidiaries (the "Group") as of September 30, 2022 and 2021, the related consolidated statements of comprehensive income for the three months ended September 30, 2022 and 2021 and for the nine months ended September 30, 2022 and 2021, the consolidated statements of changes in equity and cash flows for the nine months then ended September 30, 2022 and 2021, and notes to the consolidated financial statements (including a summary of significant accounting policies.) Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulation Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Statement 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission. Our responsibility is to express a conclusion on the consolidated financial statements based on our review.

#### **Scope of Review**

We concluded our reviews in accordance with Statements of Auditing Standards No. 65 "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries (primarily of persons responsible for financial and accounting matters), and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material aspects the consolidated financial position of the Group as of September 30, 2022 and 2021, and its consolidated financial performance for the three months ended September 30, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the nine months then ended September 30, 2022 and 2021 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed by the Financial Supervisory Commission.

Exercise of employee share options			118,252		120,903
Interest paid		(	5,649)	(	2,174)
Payment of lease liabilities	6 (31)	(	21,418)	(	21,095)
Net cash used in financing activities		(	608,028)	(	455,680)
Effects of changes in foreign exchange rates			8,382		753
Increase (decrease) in cash and cash equivalents			436,939	(	623,769)
Cash and cash equivalents at beginning of period			2,137,891		2,260,204
Cash and cash equivalents at end of period		\$	2,574,830	\$	1,636,435

The accompanying notes are an integral part of the consolidated financial statements.

Chairman: Chien, Chuan-Sheng

Manager: Chien, Chuan-Sheng

Head of Accounting: Hsiao, Wen-Kuei

#### Innodisk Corporation and Subsidiaries <u>Notes to Consolidated Financial Statements</u> <u>The Nine Months Ended September 30, 2022 and 2021</u> (Reviewed only, not audited in accordance with generally accepted auditing standards.)

Expressed in Thousands of NTD (Except as otherwise indicated)

#### 1. <u>Company history</u>

- (1) Innodisk Corporation (hereinafter referred to as the "Company") was established in March 2005. The Company and its subsidiaries (hereinafter referred to as the "Group") mainly engage in the research, development, manufacturing and sales of various types of industrial embedded storage devices.
- (2) The Taipei Exchange reviewed the Company's application and approved its eligibility to be publicly traded in October, 2013 and the Company became officially on the OTC board on November 27, 2013.

#### 2. The date of authorization for issuance of the financial statements and procedures for authorization

The consolidated financial statements were authorized for issuance by the Board of Directors on November 4, 2022.

#### 3. Application of new standards, amendments, and interpretations

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS") as endorsed by the Financial Supervisory Commission ("FSC").

New standards, interpretations and amendments endorsed by FSC effective from 2022 are as follows:

New Standards, Interpretations and Amendments	Effective date of issuance by IASB
Amendments to IFRS 3, 'Reference to the conceptual framework'	January 1, 2022
Amendments to IAS 16, 'Property, plant and equipment:	January 1, 2022
proceeds before intended use'	
Amendments to IAS 37, 'Onerous contracts—	January 1, 2022
cost of fulfilling a contract'	
Annual improvements to IFRS Standards 2018–2020	January 1, 2022

The Group believes that the above standards and interpretations have no significant effect on the Group's consolidated financial position and performance.

# (2) Effect of the new issuances of or amendments to IFRS as endorsed by the FSC but not yet adopted by Group

New standards, interpretations and amendments endorsed by the FSC effective from 2023 are as follows:

	Effective date of
New Standards, Interpretations and Amendments	issuance by IASB
Amendments to IAS 1, 'Disclosure of accounting policies'	January 1, 2023
Amendments to IAS 8, 'Definition of accounting estimates'	January 1, 2023
Amendments to IAS 12, 'Deferred tax related to assets and liabilities	January 1, 2023
arising from a single transaction'	

The Group believes that the above standards and interpretations have no significant effect on the Group's consolidated financial position and performance.

#### (3) IFRSs issued by the IASB but not yet endorsed by the FSC.

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

New Standards, Interpretations and Amendments	Effective date of issuance by IASB
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets	To be determined by
between an investor and its associate or joint venture'	IASB.
Amendments to IFRS 16, 'Lease liability in a sale and leaseback'	January 1, 2024
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendment to IFRS 17 "Insurance contracts"	January 1, 2023
Amendment to IFRS 17 Initial application of IFRS 17 and IFRS 9 – "Comparative information"	January 1, 2023
Amendment to IAS 1 "Classification of liabilities as current or non - current"	January 1, 2023

The Group believes that the above standards and interpretations have no significant effect on the Group's consolidated financial position and performance.

#### 4. <u>Summary of significant accounting policies</u>

The principal accounting polices applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

#### (1) <u>Compliance statement</u>

The consolidated financial statements have been prepared in accordance with the "Regulations

Governing the Preparation of Financial Reports by Securities Issuers" and International 34

"Interim Financial Reporting" endorsed by the Financial Supervisory Commission.

#### (2) Basis of preparation

- (a) Except for the financial assets at fair value through other comprehensive income, the consolidated financial report has been prepared under the historical cost convention.
- (b) The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in Note 5.

#### (3) Basis of consolidation

- (a) The basis for preparation of consolidated financial statements
  - i. All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
  - ii. Inter-company transactions, balances and unrealized gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
  - iii. The profit and loss and the components of other comprehensive income attribute to the owners of the parent company and non-controlling interest. The total comprehensive income also attributes to the owners of the parent company and non-controlling interest, even if this results in the non-controlling interests having a deficit balance.
  - iv. Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are equity transactions, and they are considered as transactions with owners in their capacity as owners. Any differences between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is directly recognized in equity.
- (b) Subsidiaries included in the consolidated financial statements:

			Percenta	ge of equity	holdings

The financial reports of the major subsidiary, Innodisk USA Corporation and other nonmajor subsidiaries which are listed as consolidated entities of the consolidated financial statements for the nine months ended September 30, 2022 and 2021 have been reviewed by the accountant of the Company. The financial reports of the major subsidiary, Innodisk USA Corporation and other non-major subsidiaries which are listed as consolidated entities in 2021 have been audited by the accountant of the Company.

- Note 1: Aetina Corporation was approved by the shareholder meeting on May 19, 2022 to issue 200,000 shares as a capital increase for employees' remuneration and August 6, 2021 was the base date of capital increase, with the Company's shareholding dropping to 74.20 %.
- Note 2: The Company acquired Antzer Tech Co., Ltd. on May 18, 2021 in the amount of NT\$19,889, raising the shareholding from the original 31.89% to 100%; thus, it has been included in the consolidated entities since the date of acquisition.
- Note 3: Aetina Corporation established the subsidiary Aetina USA Corporation in September 2021, and the capital injection has not been completed as of September 30, 2022.
- Note 4: Aetina Corporation established the subsidiary Aetina Europe B.V in January 2022, and the capital injection has not been completed as of September 30, 2022.
- (c) Subsidiaries not included in the consolidated financial report: none.

- (d) Adjustments for subsidiaries with different balance sheet dates: none.
- (e) Significant restrictions: none.
- (f) Subsidiaries that have non-controlling interests that are material to the Group: none.
- (4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (hereinafter referred to as the "functional currency"). The consolidated financial statements are presented in New Taiwan dollars, which is the Company's functional currency.

- (a) Foreign currency transactions and balances
  - i. Foreign currency transactions are translated into the functional currency using spot exchange rate at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognized in profit or loss in the period in which they arise.
  - ii. Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated using spot exchange rate at the balance sheet date. Exchange differences arising from re-translation at the balance sheet date are recognized in profit or loss.
  - iii. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated using spot exchange rate at the balance sheet date. Their translation differences are recognized in profit or loss. Nonmonetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated using spot exchange at the balance sheet date. Their translation differences are recognized in other comprehensive income. For those which are not measured at fair value, they measured by the historical exchange rate of the initial transaction date.
  - iv. All foreign exchange gains and losses are presented in the statement of consolidated comprehensive income within "Other gains and losses."
- (b) Translation of foreign operations
  - i. The operating results and financial position of all the subsidiaries that have a functional currency different from the presentation currency are translated into the presentation currency as follows:
    - A. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet.

- B. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period.
- C. All resulting exchange differences are recognized in other comprehensive income.
- ii. Goodwill and fair value adjustments arising on acquisition of a foreign entity are regarded as assets and liabilities of the foreign entity, and are translated at the closing rate.
- (5) <u>Classification of current and non-current items</u>
  - (a) Assets that meet one of the following criteria are classified as current assets:
    - i. Assets arising from operating activities that are expected to be realized, or are intended to be sold or consumed within the normal operating cycle.
    - ii. Assets held mainly for trading purposes.
    - iii. Assets that are expected to be realized within twelve months from the balance sheet date.
    - iv. Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities more than twelve months after the balance sheet date.

Those that do not meet the above criteria are considered non-current.

- (b) Liabilities that meet one of the following criteria are classified as current liabilities:
  - i. Liabilities that are expected to be paid off within the normal operating cycle.
  - ii. Assets held mainly for trading purposes.
  - iii. Liabilities that are to be paid off within twelve months from the balance sheet date.
  - iv. Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Those that do not meet the above criteria are considered non-current.

(6) <u>Cash equivalents</u>

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

#### (7) Financial assets at fair value through other comprehensive income

- (a) Financial assets at fair value through other comprehensive income comprise equity securities that are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognize changes in fair value in other comprehensive income.
- (b) On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognized and derecognized using trade date accounting.
- (c) At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value. The changes in fair value of equity investments that were recognized in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognized of the investment. Dividends are recognized as revenue when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### (8) Financial assets measured at amortized cost

- (a) Refer to those that meet the following criteria at the same time:
  - (a) The objective of the business model is achieved by collecting contractual cash flows.
  - (b) The assets' contractual cash flows solely represent payments of principal and interest.
- (b) On a regular way purchase or sale basis, financial assets measured at amortized cost are recognized and de-recognized using trade date accounting.
- (c) The Group measures financial assets at fair value plus transaction costs in the initial recognition. The financial assets are subsequently amortized by the effective interest rate during the circulation to recognize interest income and impairment loss. The profits or losses are recognized in the profit and loss when the assets are derecognized.
- (d) The Group holds time deposits that are not considered cash equivalents. Due to the short holding period, the impact of discounting is insignificant and is measured by the amount of investment.

#### (9) <u>Accounts and notes receivable</u>

- (a) Refers to accounts and notes that have been unconditionally charged for the right to exchange the value of the consideration due to the transfer of goods or services.
- (b) The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

#### (10) Impairment of financial assets

Regarding the financial assets measured at amortized cost, the Group considers all reasonable and supportable information (including forward-looking ones) and measure the loss allowance based on the 12-month expected credit losses for those that do not have their credit risk increased significantly since initial recognition. For those that have increased significantly since initial recognition, the loss allowance is measured based on the full lifetime expected credit losses. A loss allowance for full lifetime expected credit losses is also required for trade receivables that do not constitute a financing transaction.

#### (11) De-recognition of financial assets

A financial asset is de-recognized when the Group's rights to receive cash flows from the financial assets have expired.

#### (12) Leasing arrangements (lessor) -- operating leases

Lease income from operating leases, less any incentives given to the lessee, is amortized in current profit or loss on a straight-line basis over the lease term.

(13) Inventories

Inventories are measured at the lower of cost or net realizable value, and the cost is determined by the weighted-average method. The cost of finished goods and work-in-progress comprises raw materials, direct labor, other direct costs and related production overheads, but excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### (14) Investments accounted for under equity method -- Associates

- (a) Associates refer to entities over which the Group has significant influence but is not in control. In general, the associates may have more than 20% of their voting shares directly or indirectly owned by the Group. The Group accounts for its investment in associates using the equity method, and the investment is initially recognized at cost.
- (b) The Group recognizes the profit and loss upon the acquisition of associates as the current profit and loss. Other comprehensive profit and loss after the acquisition are recognized as the other comprehensive profit and loss. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group will not recognize further losses, unless it has incurred legal or constructive obligations or make payments on behalf of the associate.

- (c) If an associate has changes in equity not from profit or loss or other comprehensive income, and such changes do not affect the Group's shareholding in the associate, the Group will recognize all changes in equity as "capital surplus" according to the shareholding percentage.
- (d) Unrealized gains on transactions between the Group and associates are eliminated to the extent of the Group's interest in the associates. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.
- (e) In the event that an associate issues new shares and the Group does not subscribe to or acquire the new shares in proportion, which results in a change to the Group's shareholding percentage but the Group maintains a significant influence on the associate, the increase or decrease of the Group's share of equity interest is the adjustment of "capital surplus" and "investments accounted for under the equity method." If the investment percentage is reduced, in addition to the above adjustments, the amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss proportionally on the same basis as would be required if the relevant assets or liabilities were disposed of.
- (f) When the Group loses its significant influence on an associate, the remaining investment in said associate is re-measured at fair value, and the difference between the fair value and the book value is recognized as profit or loss in the current period.
- (g) When the Group disposes of an associate, if it loses the significant influence on the associate, all amounts previously recognized in other comprehensive income in relation to the associate are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses the significant influence on an associate, all gains or losses previously recognized in other comprehensive income in relation to the associate should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of. If the Group still has a significant influence on the associate, only the amount recognized in other comprehensive income previously will be transferred out in the manner above on a pro-rata basis.
- (h) When the Group disposes of an associate, if it loses the significant influence on the associate accordingly, the capital surplus related to the associate will be reclassified to profit or loss; if it still has a significant influence on the associate, the capital surplus will be reclassified to profit or loss according to the percentage of the disposal.

#### (15) Property, plant and equipment

- (a) Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.
- (b) Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- (c) Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- (d) The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each balance sheet date. If expectations for the assets' residual values and useful lives differ from the previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, "Accounting Policies, Changes in Accounting Estimates and Errors," from the date of the change.

The estimated useful lives of property, plant and equipment are as follows:

Buildings and construction	2 to 50 years
Machines and equipment	2 to 8 years
Office equipment	2 to 6 years
Others	2 to 6 years

#### (16) Leasing agreements (lessee) - right-of-use assets/lease liabilities

- (a) Leases are recognized as right-of-use assets and lease liabilities at the date at which the leased assets are available for use by the Group. For short-term leases or leases of low-value assets, lease payments are recognized as expenses on a straight-line basis over the lease term.
- (b) Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Lease payments include fixed payments, less any lease incentives receivables.

The Company subsequently measures the lease liability at amortized cost using the interest method and recognizes interest expense over the lease term. The lease liability is remeasured and the amount of re-measurement is recognized as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

(c) At the commencement date, the right-of-use asset is recognized at cost comprising the amount of initial measurement of lease liability.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's service life or the end of lease term. When the lease liability is re-measured, the amount of re-measurement is recognized as an adjustment to the right-of-use asset.

- (d) For lease modifications that decrease the scope of the lease, the lessee shall decrease the carrying amount of the right-of-use asset and remeasure the lease liability to reflect the partial or full termination of the lease, and recognizes the difference in profit or loss.
- (17) Investment property

Investment properties are initially measured at cost and may be subsequently measured using a cost model. Except for land, the service life is recognized on a straight-line basis of depreciation and is about 24 to 41 years.

- (18) Intangible assets
  - (a) Computer software

Recognized by the acquisition cost and is amortized on a straight-line basis with an estimated service life of 1 to 8 years.

(b) Trademarks and patent rights

Trademarks and patent rights acquired as a result of a business combination are recognized at fair value on the acquisition date. Trademarks and patent rights are assets with a finite useful life and are amortized at the estimated useful life of 3 years on a straight line basis.

(c) Goodwill

Goodwill is measured in a business combination using the acquisition method.

- (19) Impairment of non-financial assets
  - (a) The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less disposal cost or value in use. When the circumstances or reasons for recognizing impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortized historical cost would have been if the impairment had not been recognized.

- (b) Goodwill regularly estimates its recoverable amount. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The goodwill impairment loss will not be reversed in subsequent years.
- (c) Goodwill is allocated to cash-generating units for the purpose of conducting the impairment testing. The allocation identified based on the operating segment, and the goodwill is allocated to cash-generation units or groups of cash-generation units expected to benefit from the business combination that generates goodwill.

#### (20) Borrowings

Refers to long- and short-term funds borrowed from banks. Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in profit or loss over the period of the borrowings using the effective interest method.

#### (21) Accounts and notes payable

- (a) Refers to debts incurred as a result of the purchase of raw materials, goods or services and the notes payable due to business and non-business purposes.
- (b) The short-term accounts and notes payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

#### (22) De-recognition of financial liabilities

The Group derecognizes financial liabilities when the obligations specified in the contract are fulfilled, cancelled or expired.

#### (23) Financial assets and liabilities are offset against each other

Financial assets and financial liabilities are offset and presented in the balance sheet on a net basis when there is a legally enforceable right to offset the amount of the recognized financial assets and liabilities and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

#### (24) Provisions

Liability reserve (which is for warranty) is a present statutory or deferred obligation as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision should be the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

#### (25) Employee benefits

(a) Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognized as expenses in that period when the employees render service.

(b) Pension

For defined contribution plans, the contributions are recognized as pension expenses when they are due on an accrual basis. Pre-paid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

(c) Employees' bonuses and directors' and supervisors' remuneration

Employees' bonuses and directors' and supervisors' remuneration are recognized as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any differences between the resolved amounts and the subsequently actual distributed amounts are accounted for as changes in estimates. If employee compensation is distributed by shares, the Company calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

#### (26) Employee share-based payment

The share-based payment agreement for delivery of equity is a transaction in which employees' labor service is received as consideration for the Company's equity instrument at fair value. It is recognized as compensation costs during the vesting period and the equity is adjusted accordingly. The equity instrument's fair value shall reflect the effects of vesting and non-vesting conditions of market value. The recognized remuneration costs are adjusted in accordance with the expected service conditions to be met and the non-vesting market value conditions, until the final recognized amount is recognized with the vesting amount on the vesting date.

#### (27) Income tax

- (a) The tax expense for the period comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which cases the tax is recognized in other comprehensive income or equity.
- (b) The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Group and its subsidiaries operate and generate taxable income. Management periodically evaluates

positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.

- (c) Deferred income tax is recognized, using the balance sheet method, on temporary differences between the tax bases of assets and liabilities and their carrying amounts in the balance sheet. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.
- (d) Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognized and recognized deferred income tax assets are reassessed.
- (e) Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities. They are levied by the same taxation authority on either the same entities or different entities that intend to settle on a net basis or realize the asset and settle the liability simultaneously.
- (f) The interim period income tax expense is recognized based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.
- (28) Share capital

Common stocks are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction, net of tax, from the proceeds.

#### (29) Dividend distribution

Dividends are recorded in the Company's financial statements in the period in which they are resolved by the Company's shareholders. Cash dividends are recorded as liabilities.

Stock dividends are recorded as dividends to be distributed and transferred to be common stocks on the base date of issuance of new shares.

#### (30) <u>Revenue recognition</u>

- (a) Our Group develops, manufactures and sells various products related to industrial storage devices and memory modules. Sales revenue is recognized when the control of products is transferred to customers. That is, once products are delivered to customers, the customers have discretion on the channel and price of product sales, and the Group has no outstanding performance obligations that may affect customers' acceptance of the products. The delivery of products occurs when products are shipped to a designated location and the risk of obsolescence and loss has been transferred to customers, and the customers accept the products in accordance with the sales contract or have objective evidence that all criteria have been met.
- (b) The payment terms of sales transactions are usually payment in advance or net 30 to 90. With respect to the contracts signed between the Group and customers, the time interval between the transfer products or services promised to customers and the customers' payment has not exceeded one year, so the Group has not adjusted the transaction price to reflect the time value of money.
- (c) Sales revenue is recognized as the net from subtracting sales discounts from the contract price. The Group estimates possible sales discounts based on past experience and different contract conditions, and recognizes the refund liabilities accordingly.
- (d) The Group provides warranty for products sold, and has the obligation to repair product defects, which are recognized as liability provisions when goods are sold.
- (e) Accounts receivable are recognized when goods are delivered to customers. The Group has unconditional rights to the contract price, and will be able to collect the amount from the customers after the time has passed.

#### (31) Government grants

Government grants are recognized at fair value when there is reasonable assurance that the enterprise will comply with the conditions attached to the government grant and that the grant will be received. If the nature of government subsidies is to compensate the Group for expenses incurred, the government subsidies are recognized in profit or loss on a systematic basis in the period in which the related expenses are incurred.

#### (32) Business combinations

(a) The Group adopts the acquisition method to account for business combinations. The consideration transferred for a combination is measured as the fair value of the assets

transferred, the liabilities incurred or assumed, and the equity instruments issued at the acquisition. The consideration for the transfer includes the fair value of any assets and liabilities arising from contingent consideration agreements. All acquisition-related costs related are expensed as incurred. The identifiable assets acquired and liabilities assumed in a business combination are measured at fair value at the acquisition date. For each business combination, the Group measures at the acquisition date components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to the proportionate share of the entity's net assets in the event of liquidation at either fair value or the present ownership instruments' proportionate share in the recognized amounts of the acquiree's identifiable net assets. All other non-controlling interests should be measured at the acquisition-date fair value.

- (b) The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the identifiable assets acquired and the liabilities assumed is recorded as goodwill at the acquisition date. If the total of consideration transferred, non-controlling interest in the acquiree recognized and the fair value of previously held equity interest in the acquiree is less than the fair value of the identifiable assets acquired and the liabilities assumed, the difference is recognized directly in profit or loss on the acquisition date.
- (33) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

#### 5. <u>Critical accounting judgments and key sources of estimation and uncertainty</u>

The preparation of these consolidated financial statements requires the management to make critical judgments in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Please refer to the following explanation of critical accounting judgments and key sources of estimation and uncertainty:

#### (1) Important judgments adopted by the accounting policies

The critical judgments adopted in the Group's accounting policies have been assessed to be free from significant uncertainty.

(2) Critical accounting estimates and assumptions

#### Inventory Evaluation

During the inventory valuation, the Group needs to use judgment to evaluate the wear and tear, obsolescence and market sales value of the inventory to estimate the net realizable value, and write down the inventory cost to the net realizable value. Technological changes, environmental changes and sales conditions will change the inventory value, further affecting its valuation.

As of September 30, 2022, information relating to the book value of the Group's Inventories is provided in Note 6 (5).

#### 6. Details of Significant Accounts

#### (1) Cash and cash equivalents

	Sej	ptember 30, 2022	December 31, 2021			September 30, 2021		
Cash:								
Cash on hand and								
revolving funds	\$	888	\$	921	\$	946		
Checking accounts and								
demand deposits		1,588,442		1,971,470		1,269,989		
Cash equivalents:								
Time deposits		985,500	_	165,500		365,500		
	\$	2,574,830	\$	2,137,891	\$	1,636,435		

(a) The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

- (b) The Group has no cash and cash equivalents pledged to others.
- (2) Financial assets at fair value through other comprehensive income

	Sept	tember 30, 2022	mber 31, 2021	September 30, 2021		
Non-current items:						
Equity instruments						
Listed preferred stocks	\$	29,970	\$ -	\$	-	
Valuation adjustment	(	1,931)	 -		-	
	\$	28,039	\$ -	\$	-	

- (a) The Group has elected to classify strategic investments as financial assets at fair value through other comprehensive income.
- (b) Amounts recognized in profit or loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed consolidated statement of comprehensive income.
- (c) The Group has no financial assets at fair value through other comprehensive income pledged to others.

(d) Information relating to fair value is provided in Note 12 (3).

#### (3) Financial assets measured at amortized cost

	Se	ptember 30, 2022	Dee	cember 31, 2021	September 30, 2021		
Current items: Time deposits are due within three months to	<u>.</u>	250 000	<u></u>	<00.000	<u></u>	200.000	
one year Non-current items:	\$	250,000	\$	600,000	\$	300,000	
Pledged time deposits	\$	11,206	\$	10,706	\$	10,706	

(a) Amounts recognized in interest income in relation to financial assets at amortized are listed in Note 6 (21).

(b) Details of the Group's financial assets at amortized cost pledged to others as collateral are provided in Note 8.

#### (4) Notes and accounts receivable

(a) Please refer to note 8 for the information on the guarantee provided by the Group with its property, plant and equipment as of September 30, 2022.

- (b) The Group had not provided property, plant and equipment as pledged collaterals during the nine months ended September 30, 2022 and 2021.
- (c) The abovementioned property, plant and equipment are all held and used by the Group.
- (d) As of September 30, 2022, December 31, 2021, and September 30, 2021, the Group's prepayments for business facilities (recognized in "Other non-current assets") that have not been reclassified were NT \$0, NT \$68,802, and NT \$90,188, respectively.
- (8) <u>Leasing arrangements lessee</u>
  - (a) The underlying assets leased by the Group include land, buildings and company vehicles. Leasing contracts for buildings and company vehicles are typically made for periods of 1 to 9 years. The land for the plant site in Taiwan is leased from Hsinchu Science Park, and the lease-option-to-buy contract period is 20 years, the estimated lease period is 50 years. Lease contracts are negotiated separately and include a variety of terms and conditions. There are no restrictions for the leased assets, except that they cannot be used as loan collateral.
  - (b) The carrying amount of right-of-use assets and the depreciation charge are as follows:

(d) In addition to the cash outflow for lease related expenses mentioned in Note 6 (8) (c). The cash outflows due to principal repayment of lease liabilities for the nine months ended September 30, 2022 and 2021 are provided in Note 6 (31).

#### (9) <u>Leasing arrangements - lessor</u>

- (a) The Group leases out assets such as land and buildings. The lease contracts are typically made for periods of 1 to 5 years. The terms of lease contracts are negotiated separately. In order to preserve the condition of leased assets, the Company usually requires lessees not to sublet, sublease or pledge all or part of the underlying leased assets.
- (b) The gain recognized by the Group based on the operating lease contracts are provide in Note 6 (22).
- (c) The maturity analysis of the lease payments under the operating leases is as follows:

	\$	12,836	\$	11,386	\$	11,447
				1 0		1.1

(c) Goodwill is allocated to cash-generating units identified by the Group. The recoverable amount is evaluated based on the value in use which is calculated based on the estimated cash flow before taxes.

The Group calculated that the recoverable amount exceeds the carrying amount based on the value in use, so there is no impairment of goodwill. The calculation of value in use mainly considers gross margin, growth rate and discount rate.

The management determines the budgeted gross margin based on past performance and the expectations for market development. The weighted average growth rate used is consistent with the industry's reported forecast. The adopted discount rate is a pre-tax rate and reflects the specific risks of the related operating units.

(d) As of September 30, 2022, December 31, 2021 and September 30, 2021, the Group had not provided intangible assets as pledged collaterals.

Please refer to Note 6 (24) for the interest expense recognized in profit or loss by the Group.

### (14) Pensions

- (a) The Company and its domestic subsidiaries have established a defined contribution pension plan under the Labor Pension Act covering all regular employees with domestic citizenship. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.
- (b) The overseas subsidiary Innodisk Global-M Corporation has not established an employee pension plan, and the local laws do not have mandatory requirements. Innodisk USA Corporation, Innodisk Europe B.V. and Innodisk Japan Corporation have adopted a defined contribution pension plan which allocates a certain percentage of the monthly total salary of local employees as the pensions. The Company has no further obligations except for the monthly allocation.
- (c) Innodisk Shenzhen Corporation allocates a certain percentage of the monthly total salary of local employees as the pensions in accordance with the pension system stipulated by the government of the People's Republic of China. The pension of each employee is coordinated and arranged by the government. Other than the monthly contributions, the Group has no further obligations.
- (d) During the three months ended September 30, 2022 and 2021, and the nine months ended September 30, 2022 and 2021, the pension costs recognized by the Group in accordance with the pension measures were NT\$9,908, NT\$8,864, NT\$29,318, and NT\$24,793, respectively.

#### (15) Share-based payment

- (a) During the nine months ended September 30, 2022 and 2021, the Company's share-based payment agreements were as follows:
  - i. The board resolution on November 8, 2018 determined the first employee stock option plan of 2018 and established the stock option method. A total of 3,000,000 units of employee stock options was to be issued, and each unit of stock option subscribed to 1 share, and measures became effective on December 11, 2018. The Company has processed the issuance of employee stock options on January 29, 2019.

Type of arrangement	Grant date	Quantity granted	Contract period	Vesting conditions	Delivery method
Employee stock options	2019.1.29	3,000 thousand shares	4 years	Note	Equity delivery

Note: Employees with 2 years of service tenure are entitled to 50%. Those with 3 years of service tenure are entitled to 100%.

ii. The board resolution on July 6, 2022 determined the first employee stock option plan of 2022 and established the stock option method. A total of 3,500,000 units of employee stock options was to be issued, and each unit of stock option subscribed to 1 share, and measures became effective on July 26, 2022. The Company has processed the issuance of employee stock options on August 5, 2022.

Type of arrangement	Grant date	Quantity granted	Contract period	Vesting conditions	Delivery method
Employee stock options	2022.8.5	3,500 thousand shares	4 years	Note	Equity delivery

Note: Employees with 2 years of service tenure are entitled to 50%. Those with 3 years of service tenure are entitled to 100%.

(b) The detailed information of the above share-based payment is as follows:

Balance on September 30	\$	67,190	\$	71,258

2022

2021

The analysis of provisions is as follows:

	Septen	nber 30,	Dece	mber 31,	Sept	ember 30,
	20	)22		2021		2021
Current	\$	67,190	\$	59,851	\$	71,258

The Company's provisions for warranty liabilities are mainly related to sales of industrial storage devices and memory modules. The provisions for warranty liabilities are estimated based on the historical warranty information of the products.

#### (17) Share capital / Stock dividends to be distributed / Events after the balance sheet date

(a) As of September 30, 2022, the Company's authorized capital was NT\$1,000,000, consisting of 100,000 thousand shares (including 10,000 thousand shares which can be subscribed to as employee stock options). The paid-in capital was NT\$864,706 with a par value of NT\$10. All proceeds from shares issued have been collected. The movements in the number of the Company's common stocks outstanding are as follows: (Unit: Share)

	2022	2021
January 1	82,668,040	81,324,040
Stock dividends	2,480,041	-
Exercise of employee share options	1,322,500	1,304,000
September 30	86,470,581	82,628,040

- (b) The shareholders' meeting resolved that the 2021 unappropriated retained earnings of \$24,801 would be capitalized to issue new shares on May 31, 2022. The base date for capitalization was August 6, 2022.
- (c) For the nine months ended September 30, 2022, the common shares issued due to the exercise of employee stock options were 1,322,500 shares, respectively. As of September 30, 2022, 95,500 shares had not been registered for share capital changes.
- (d) For the nine months ended September 30, 2021, the common shares issued due to the exercise of employee stock options were 1,304,000 shares that had been registered for share capital changes.

### (18) Capital surplus

In accordance with the Company Act, any capital surplus arising from paid-in capital in excess of the par value on issuance of common stocks can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the Securities and Exchange Act requires that the amount of capital surplus to be capitalized, as above, should not exceed 10% of paid-in capital each year. Capital surpluses should not be used to cover accumulated deficit unless the legal reserve is insufficient.

#### (19) <u>Retained earnings</u>

- (a) According to the Company's Articles of Incorporation, the surplus income after the final accounts is distributed to the following accounts in their respective order:
  - i. Withholding taxes.
  - ii. Make up for past losses.
  - iii. Allocate 10% as legal reserve. If the legal reserve has reached the total share capital, no further allocations will be conducted. Special reserve is then allocated or reversed in accordance with the law or regulations of the authority.

iv. With respect to the balance and the accumulated undistributed surplus of the previous year, the board proposes a surplus distribution to the shareholders meeting for resolution.

Dividend policy: The Company considers future needs for business operations, long-term financial planning and shareholders' interest in the dividend policy. As the Company is currently in the growing stage, considering the future capital expenditure budget and the need for cash, the annual cash dividends will not be less than 10% of the total of cash and stock dividends. The Company's surplus distribution and shareholders' equity shall not be less than 30% of the current year's surplus.

- (b) Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purposes. The use of the legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.
- (c) In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- (d) The Company's distribution of profits

The appropriation of the Company's 2021 and 2020 earnings had been resolved at the shareholders' meeting on May 31, 2022 and July 8, 2021 respectively. Details are summarized below:

	2021		2020	
	 Amount	Dividends per share (NT\$)	Amount	Dividends per share (NT\$)

(a) According to the Company's Articles of Incorporation, the company shall allocate the following amounts as employee bonuses and director remunerations if the income before taxes after the deduction to make up for losses still has a balance:

i.More than 3% as employee remunerations.

ii.Less than 2% as remunerations for directors.

Employee remunerations mentioned in the preceding paragraph shall be in the form of stocks or cash and shall be determined by the board resolution and reported to the shareholders' meeting. The recipients include the employees of subsidiaries in which the Company holds more than half of the shares with voting power or the total capital of the subsidiaries.

(b) For the three months ended September 30, 2022 and 2021, and the nine months ended September 30, 2022 and 2021, the estimated amount of employees' remuneration was NT\$30,735, NT\$35,500, NT\$93,225, and NT\$78,000, respectively; the estimated amount of directors' and supervisors' remuneration was NT\$5,400, NT\$3,750, NT\$14,800, and NT\$11,250, respectively; the aforementioned amounts were recorded as salary expenses.

The employees' compensation and directors' and supervisors' remuneration were estimated and accrued based on 4.86 % and 0.77 % of the Company's profit for the nine months ended September 30, 2022 and 2021, respectively.

The remuneration to employees and remuneration to directors and supervisors approved by the board meeting for 2021 were NT\$105,000 and NT\$18,400, respectively, which were consistent with the amounts recognized in the 2021 financial statements, and had been paid in cash in full as of September 30, 2022.

(c) Information about employees' remuneration and directors' and supervisors' remuneration of the Company as resolved by the Board of Directors and shareholders will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

#### (27) Income tax

# 7. <u>Related-party transactions</u>

# (1) <u>Related parties' names and relationships</u>

Name of the related party	Relationship with the Group					
Affiliates:						
Millitronic Co., Ltd.	An entity over which the Group has significant influence					
Sysinno Technology Inc.	An entity over which the Group has significant influence					
Antzer Tech Co., Ltd.	An entity on which the Group has a significant influence in the first quarter of 2021. The Group acquired the control in the second quarter of 2021 and it became a subsidiary of the Group. Therefore, the disclosure of the transactions before the control was acquired was made.					
Other related parties:						
I-MEDIA TECH CO., LTD.	The chairman of that company and one of the Company's directors are the same person.					

Name of the related party	Relationship with the Group			
Innodisk Foundation	The amount donated by the Company and the			
	directors is more than one-third of the total fund received by the foundation.			
All directors, the general manager and key executives.	The Group's key executives and governance units			

#### (2) Significant transactions with the related parties

#### (a) <u>Sales of goods</u>

#### i. Operating revenue

The Group's revenue from sales of goods and services to the related parties is shown as follows:

	July Septem 202	ber 30,	July 1 to September 30, 2021	
An entity over which the Group has significant influence	\$	26	\$	53
	Januar Septem 202	ber 30,	Septem	ry 1 to 1ber 30, 121
An entity over which the Group has significant influence	\$	105	\$	285

The prices of products sold and services provided to the related parties from the Group are based on the agreements between the parties. The payment terms are net 25 to net 35. There are no significant differences with the non-related parties. The payment terms for non-related parties are payment in advance and net 30 to 90 days.

#### ii. Accounts receivable

The Group's accounts receivable from the above transactions with related parties is shown as follows:

	Septeml 202		ember 31, 2021		Sept	ember 30, 2021
An entity over which the Group has significant influence	\$	27	\$	2	\$	28

#### (b)Purchase transaction

i. Operating costs

Details on the Group's purchase transactions with related parties are as follows:

	Septer	y 1 to nber 30, 022	July 1 to September 30, 2021	
An entity over which the Group has significant influence	\$	15	\$	76
Other related parties		43		176
-	\$	58	\$	252
	Septer	ary 1 to mber 30, 022	Septer	ary 1 to mber 30, 021
An entity over which the Group has significant influence	\$	580	\$	115
Other related parties		92		231
	¢	672	\$	346

The prices of purchase transactions with related parties are based on the agreements between the parties. The payment terms are payment in advance and net 90. There are no significant differences with the non-related parties. The payment terms for non-related parties are payment in advance, 7 days after shipment and net 30 to 90 days.

ii. Accounts payable

The Group's accounts payment from the above transactions with related parties is shown as follows:

	September 30, 2022		nber 31, 021	September 30, 2021	
An entity over which the Group has significant					
influence	\$	1	\$ 238	\$	-
Other related parties		45	 147		185
	\$	46	\$ 385	\$	185

#### (c) Donations / operating expenses

The operating expenses arising from supporting education development, fulfilling corporate social responsibility and donations to related parties are detailed as follows:

	July 1 to September 30, 2022	July 1 to September 30, 2021	
Innodisk Foundation	\$ 1,000	\$ 1,000	
	January 1 to September 30, 2022	January 1 to September 30, 2021	
Innodisk Foundation	\$ 3,000	\$ 3,000	

#### (d)Leases and services

i. Other income

The Group's income from leasing assets to related parties and providing administrative support and other services is detailed as follows:

11	July 1 to September 30, 2022				July 1 to September 30, 2021			
	Rental inc	ntal income Other income Rental income Oth		Other income		Other	income	
An entity over which the								
Group has significant								
influence	\$	266	\$	90	\$	-	\$	120
	January 1 to September 30,			January 1 to September 30,				
		202				202	21	
	Rental inc	come	Other	income	Rental i	ncome	Other	income
An entity over which the								
Group has significant								
influence	\$	711	\$	270	\$	127	\$	659

The Group's rental income from leasing out offices is negotiated with the related parties and is collected on a monthly basis.

# ii. Other receivables

The Group's other accounts receivable from the above transactions with related parties is shown as follows:

	•	mber 30, 022	mber 31, 2021	Sept	ember 30, 2021
An entity over which the Group has significant influence	\$	328	\$ 42	\$	42

#### iii. Guarantee deposits received

The Group's guarantee deposits received from the above transactions with related parties are shown as follows:

	Septembe 2022	er 30,	De	ecember 31, 2021		September 2021	30,
An entity over which the Group has significant influence	\$	152	\$		_	\$	_

#### (3) <u>Compensation of key management personnel</u>

	July 1 to September 30, 2022		July 1 to September 30, 2021	
Short-term employee benefits	\$	39,923	\$	27,106

Post-employment benefits	625	542
Share-based payment	4,563	3,180
	\$ 90,144	\$ 58,987

#### 8. <u>Pledged assets</u>

Assets pledged by the Group as collateral are as follows:

			Bool	k value			
	Septe	ember 30,			mber 30,		
Assets	2022		Decemb	per 31, 2021	2	2021	Purpose
Financial assets at amortized cost-non- current - pledge of time deposits Land and buildings Investment property -Land and buildings	\$	11,206 451,349 32,915	\$	10,706 156,159 -	\$	10,706 -	Provide pledge time deposits as lease deposits and Post- Release Duty Payment Long-term loans
	\$	495,470	\$	166,865	\$	7,706	·

#### 9. Significant contingent liabilities and unrecognized contract commitments

(1) Major contingent liabilities

Not applicable.

### (2) Significant unrecognized contract commitments

(a) The endorsements and guarantees provided by the Company for the bank borrowings to subsidiaries were NT\$26,529, NT\$21,924, and NT\$22,624 as of September 30, 2022, December 31, 2021, and September 30, 2021, respectively. The actual amount drawn down were NT\$15,317, NT\$15,973, and NT\$18,099, respectively.

### (b) Capital expenditures with contracts signed that have not yet been incurred

	Sep	tember 30, 2022	Dec	ember 31, 2021	September 30, 2021		
Property, plant and equipment	\$	427,150	\$	268,544	\$	142,515	

It is the contractual commitment of the Company to purchase the factory in Hsinchu Science Park, Yilan, for NT\$427,150 as of September 30, 2022.

It is the contractual commitment of the Company to purchase the real estate in Xizhi District, New Taipei City, for NT\$268,544 as of December 31, 2021.

10. Losses due to major disasters

Not applicable.

 Significant events after the balance sheet date Not applicable.

# 12. Others

# (1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. The total debt is the total liabilities reported in the Consolidated Balance Sheet. Total capital is calculated as "equity" as shown in the Consolidated Balance Sheet, plus net debt.

The Group maintained the same strategy in 2022 as in 2021. As of September 30, 2022, December 31, 2021 and September 30, 2021, the Group's debt-to-capital ratios were are disclosed in consolidated balance sheet.

### (2) <u>Financial instruments</u>

(a) Financial instruments by category

The Financial Assets of the Group (cash and cash equivalents, financial assets measured at amortized cost-current, notes receivable, accounts receivable, accounts receivable -- related parties, other receivable, other receivable -- related parties, financial assets at fair value through other comprehensive income-non-current, financial assets at amortized cost-non-current and refundable deposits) and financial Liabilities (accounts payable, accounts payable -- related parties, other payables, other payables -- related parties, long-term loans (including current portion), guarantee deposit received, lease liabilities – current, and lease liabilities - non-current) are disclosured in the consolidated balance sheet and Note 6.

(b) Risk management policies

i. The Group's activities expose it to a variety of financial risks, including market risk (exchange rate, interest rate and price), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial position and performance.

- ii.Risk management is carried out by a central treasury department (Group treasury) under policies approved by the senior executives. The Group's treasury department primarily identifies, evaluates and hedges financial risks.
- (c) Significant financial risks and degrees of financial risks

i.Market risk

- A. Foreign exchange risk
  - (A) The Group is a multinational operation and therefore is subject to exchange rate risk arising from transactions between the different currencies of the Company and its subsidiaries, mainly in USD, RMB, JPY and Euro. The related exchange risk from future business transactions have been recognized in assets and liabilities.
  - (B) The Group's management has set up policies to require companies within the Group to manage their foreign exchange risk against their functional currency. Each company hedges its overall exchange rate risk through its treasury department. Exchange rate risk arises when future business transactions and recognized assets or liabilities are denominated in foreign currencies that are not the entity's function currency.
  - (C) The Group's operations involve certain non-functional currencies (the Company's and certain subsidiaries' functional currency is the New Taiwan dollar (NTD), and for other certain subsidiaries, the functional currency is Euro, USD, JPY and RMB), so it is subject to the impact of exchange rate fluctuation. The details of assets and liabilities denominated in foreign currencies whose values that would be materially affected by exchange rate fluctuations are as follows:

	September 30, 2022								
	Foreign								
(foreign currency: functional	currency (in	Exchange		Book value

#### B. Price risk

- (A) The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.
- (B) The Group's investments in equity securities comprise shares issued by the domestic companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant for the nine months ended September 30, 2022 and 2021 as a result of other comprehensive income classified as equity investment at fair value through other comprehensive income would have increased/decreased by NT\$280 and NT\$0, respectively.

### C. Cash flow and fair value interest rate risk

(A) The Group's interest rate risk arises from long-term loans. Borrowings issued at fixed rates expose the Group to fair value interest rate risk. Borrowings issued at variable rates expose the Group to cash flow interest rate risk which is partially offset by cash and cash equivalents held at variable rates. During the nine months ended September 30, 2022 and 2021, the Group's borrowings at floating rates were denominated in NTD and EUR.

(B) For the nine months ended September 30, 2022 and 2021, if the interest rate had been 1% higher, while all other variables remain unchanged, the net profit before tax would have been NT\$3,079 and NT\$136 lower, respectively, mainly due to higher interest expenses on floating rate borrowings.

#### ii.Credit risk

- A. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments under contract obligations. The defaults are accounts receivable and the contract cash flow from debt instruments measured at amortized cost.
- B. The management of credit risk is established with a Group perspective. According to the Group's credit policy, each local entity in the Group is responsible for managing and analyzing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the management. The utilization of credit limits is regularly monitored.
- C. The credit risk of the Group's investment in debt instrument measured at amortized cost refers to counterparties defaulting on contractual obligations, leading to the Group's financial losses. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.
- D. In considering the past experience, if the contract payment is overdue for more than 30 days in accordance with the agreed payment terms, the credit risk of the financial asset is significantly increased since the original recognition.
- E. In considering the past experience with payment collection, if a contract payment is overdue for more than 180 days in accordance with the agreed payment terms, it is considered a breach of contract.
- F. The Group categorizes the accounts receivable from customers based on their evaluation ratings. The loss rate method is adopted as the basis for estimating the expected credit loss.

- G. The Group has included the economic indicators and signals of the National Development Council and Basel Committee on Banking Supervision's forwardlooking considerations to adjust the loss rate based on historical and current information for a specific period.
- H. The Group uses the following indicators to determine the status of credit impairments of debt instruments:
  - (A) The issuer has suffered significant financial difficulties or is likely to enter bankruptcy or other financial restructuring.
  - (B) The issuer has suffered significant financial difficulties or is likely to enter bankruptcy or other financial restructuring.
  - (C) The issuer delays or does not pay for the interest or principal.
  - (D) Unfavorable changes in the national- or regional-level economic situation resulting in the issuer's default.
- I. The Group will continue the recourse for financial assets that have defaulted to protect the rights of the claims. The Group may write off the amount of financial assets that cannot be reasonably expected to be recovered after recourse.
- J. The Group has incorporated forward-looking considerations to adjust the loss rate built according to historic and current data in order to estimate the loss allowance notes and accounts receivables. The loss rates are shown as follows:

	Not past due	Less than 30 days past due	31 to 60 days past due	61 to 180 days past due	More than 181 days past due	Total
September 30, 2022 Expected loss rate Notes receivable Accounts receivable Total book value Loss provision	0.03%~0.09% \$ 546 <u>1,531,189</u> <u>\$ 1,531,735</u> ( <u>\$ 819</u>	$\begin{array}{c} 0.03\% \sim 1.12\% \\ \$ & -1.12\% \\ 103,179 \\ \$ & 103,179 \\ 103,179 \\ \end{array}$	0.03%~14.2% <u>798</u> <u>798</u> <u>798</u> ( <u>107</u>		$ \begin{array}{c} 100.00\% \\                                   $	546 1,661,559 1,662,105 10,154)
D 1 01 0001	Not past due	Less than 30 days past due	31 to 60 days past due	61 to 180 days past due	More than 181 days past due	Total
December 31, 2021 Expected loss rate Notes receivable	0.03%~0.08% \$ 1,986	0.03%~0.95% \$-	0.03%~12.82% \$-	0.03%~81.53% \$-	100.00% \$ - \$	1,986
Accounts receivable	1,472,521	72,779	10,907	877	φ - φ	1,557,084
Total book value	\$ 1,474,507	\$ 72,779	\$ 10,907	\$ 877	<u>\$</u> \$	1,559,070
Loss provision	( <u>\$ 884</u>	( <u>\$ 364</u> )	( <u>\$ 578</u> )	<u>(\$ 619</u> )	<u>\$</u> -( <u>\$</u>	2,445)
G	Not past due	Less than 30 days past due	31 to 60 days past due	61 to 180 days past due	More than 181 days past due	Total
September 30, 2021 Expected loss rate	0.03%~0.08%	0.03%~0.95%	0.03%~12.82%	0.03%~87.21%	100.00%	
Notes receivable	\$ 2,278	\$ -	\$ -	\$ -	\$ - \$	2,278
Accounts receivable	1,794,933	63,460	1,288	5	415	1,860,101
Total book value	\$ 1,797,211	\$ 63,460	\$ 1,288	<u>\$5</u>	<u>\$ 415</u> <u>\$</u>	1,862,379
Loss provision	( \$ 233)	( <u>\$ 19</u> )	( <u>\$ 1</u> )	) (\$ 1)	(\$ 415)(\$	669)

The above is an aging report based on the number of days past due.

K. The group adopts a simplified method in which the loss allowance for the accounts receivable is shown below:

	2022		2021 Accounts receivable		
	ccounts eivable				
January 1	\$ 2,445	\$	1,206		
Expected loss (profit) on credit impairment	7,549	(	563)		
write off	-	(	3)		
Effects of changes in foreign exchange					
rates	160		29		
September 30	\$ 10,154	\$	669		

iii.Liquidity risk

- A. Cash flow forecasting is performed by the operating entities of the Group and aggregated by the Group's treasury department. It monitors rolling forecasts of liquidity requirements to ensure the Group has sufficient cash to meet operational needs.
- B. The treasury department of the Group invests the remaining funds in interestbearing demand deposits, as the instruments chosen have appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the abovementioned forecasts. As of September 30, 2022, December 31, 2021, and September 30, 2021, the position of the money market held by the Group is expected to generate immediate cash flow to manage liquidity risk.
- C. The Group does not have derivative financial liabilities. The table below analyzes the non-derivative financial liabilities into relevant maturity groups based on the remaining period at the balance sheet date to the contractual maturity date. Except for those listed in the table, others mature within a year. The undiscounted cash flow amount is equivalent to the amount listed in the balance sheet. The remaining undiscounted cash flow of non-derivative financial liabilities is shown as follows:

September 30, 2022 Non-derivative Financial	Less than 1 year		1 to	2 years	2 to 5 years		Ove	er 5 years	Total		
Liabilities: Lease liabilities (current/non- current) Long-term loans (including current portion)	\$	26,547 6,047	\$	14,796 32,154	\$	28,805 74,272	\$	182,600 336,703	\$	252,748 449,176	
December 31, 2021 Non-derivative Financial Liabilities:		s than 1 year	1 to	2 years	2 to	5 years	Ove	er 5 years		Total	
Lease liabilities (current/non- current) Long-term loans (including current portion)	\$	24,510 3,629	\$	17,390 11,967	\$	24,708 26,817		182,208 114,597	\$	248,816 157,010	
September 30, 2021 Non-derivative Financial Liabilities: Lease liabilities (current/non-	Less than 1 year		1 to 2 years		2 to 5 years		Over 5 years		Total		
current) Long-term loans (including current portion)	\$	26,094 2,463	\$	20,235 2,436	\$	26,317 13,627	\$	184,247	\$	256,893 18,526	

#### (3) Fair value information

- (a) The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:
  - Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Group's investment in listed stocks is included in Level 1.
  - Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

- (b) Fair value information of investment property at cost is provided in Note 6(10).
- (c) Financial instruments not measured at fair value

The carrying amounts of the Group's financial instruments are not measured at fair value (including cash and cash equivalents, financial assets measured at amortized cost - current, notes receivable, accounts receivable (including related parties), other receivables (including related parties), financial assets measured at amortized cost - non-current, refundable deposits, accounts payable (including related parties), other payables, lease liabilities (including current and non-current), long-term loans (including current portion), and guarantee deposit received) is a reasonable approximation of fair value.

- (d) The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:
  - i. The related information of natures of the assets and liabilities is as follows:

September 30, 2022	Le	evel 1	L	evel 2	Lev	vel 3	 Total
Recurring fair value							
measurements							
Financial assets at fair value							
through other comprehensive							
income - Equity securities	\$	28,039	\$		\$	-	\$ 28,039
December 21, 2021 and Sentemb	20	2021.	Non	-			

December 31, 2021 and September 30, 2021: None.

- ii. The methods and assumptions the Group used to measure fair value are as follows:
  - A. The Group used market quoted prices as their fair values (that is, Level 1), the list shares are based on closing price on the balance sheet date.

- B. The Group takes into account adjustments for credit risks to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Group's credit quality.
- (e) During the nine months ended September 30, 2022 and 2021, there was no transfer into or out from Level 1, Level 2, and Level 3.
- (4) Additional information

In response to the COVID-19 pandemic and the anti-pandemic measures implemented by the government, the Group has adjusted the resources, manpower, and supply chains prudently and flexibly. Meanwhile, we have adopted relevant measures, such as flexible working hours and regular screening, to reduce the impact of the pandemic on the Group's operations. As of November 4, 2022, the changes due to the pandemic did not significantly impact our operations.

### 13. Additional disclosures

- (1) Significant transactions information
  - (a) Loans to others: None.
  - (b) Provision of endorsements and guarantees to others: Please refer to Schedule 1.
  - (c) Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to Schedule 2.
  - (d) Acquisition or sale of the same security with the accumulated cost exceeding NT\$300 million or 20% of the Company's paid-in capital: None.
  - (e) Acquisition of real estate reaching NT\$300 million or 20% of paid-in capital or more: None.
- (f) Disposal of real estate reaching NT\$300 million or 20% of paid-in capital or more: None.
- (g) The amount of goods purchased or sold with related parties reaches NT\$100 million or more than 20% of the paid-in capital: Please refer to Schedule 3.
- (h) Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more: Please refer to Schedule 4.
- (i) Engagement in derivative transactions: None.
- (j) Significant inter-company transactions during the reporting periods: Please refer to Schedule5.
- (2) Information on investees

Names, locations and other information of investee companies (not including investees in China): Please refer to Schedule 6.

### (3) Information on investments in China

- (a) Basic information: Please refer to Schedule 7.
- (b) Significant transactions, either directly or indirectly through a third area, with investee companies in China: Please refer to Schedule 8.

# (4) Information on major shareholders

For information on major shareholders: Please refer to Schedule 9.

# 14. Operating Segments Information

(1) General information

The Group is involved in only one industry. The main business is the research, development, manufacturing and sales of industrial memory storage devices. The Group's operating decision maker evaluates the performance and allocates resources of the Group as a whole, and has identified that the Company has only one reportable operating segment.

(2) <u>Measurement of segment information</u>

The accounting policies of the operating segments of the Group are the same as those of the Company. The Company's operating decision maker assesses the performance of each operating segments based on the operating net profit.

(3) Information on segment profit and loss, assets and liabilities

The Group has only one reportable segment and is not required to disclose information on segment profit or loss, assets and liabilities. The accounting policies and estimates of the Company's reportable segment are the same as the significant accounting policies summarized in Note 4 and 5 and significant estimates and assumptions.

### (4) <u>Reconciliation for segment income</u>

(a) Sales between segments are conducted according to the principle of transactions at fair value. The operating revenue from external customers reported to the operating decision maker is measured in a manner consistent with that in the comprehensive income statement. A reconciliation of reportable segment income to the profit before tax from continuing operations is provided as follows:

		nuary 1 to ptember 30, 2022		January 1 to September 30, 2021			
Profit (loss) from reportable segments	\$	1,581,392	\$	1,602,593			
Interest income		6,078		4,696			
Other income		12,842		35,901			
Other gains and losses		275,828	(	18,637)			
Finance cost	(	5,346)	(	2,173)			
Shares of losses of associates and joint ventures							
accounted for using equity method	(	3,586)	(	6,125)			
Income (loss) before tax from continuing operations	\$	1,867,208	\$	1,616,255			

(b)The amount of total assets provided to the chief operating decision-maker is measured in a manner consistent with the assets on the balance sheet, and the Group's reportable segment assets are equal to total assets and no reconciliation is required.
